The Student Activities Board is a student organization at the University of Maryland Eastern Shore (UMES) that provides quality entertainment through diverse programming and leadership throughout the school year. The Office of Student Activities with the support of the Student Activities Board encourages, develops, and employs strategies designed to increase retention and interaction among the many diverse groups within the university community.

Miss Akira Ali SGA President

"Success is not measured by what you accomplish, but by the opposition you have encountered, and the courage with which you have maintained the struggle against overwhelming odds." - Orison Swett Marden

Over the past two years the Student Government Association has made great progress to the benefit of the student body and the university community. We have been very instrumental in initiating positive change; such as new meal plan changes, housing arrangements, library hours, improved security, increased school spirit, more activities, and the list goes on. Our main motto has been "Students Working 4 Students!" We have taken our Hawks on an amazing flight.

The journey as the SGA President for the past two years has been the most rewarding experience of my college career. As I leave the nest and continue on to more great heights in my life. I have grown and prosper into a very professional, inspirational, and devotional young lady. The University of Maryland Eastern Shore has shaped me into a great Hawk, who is now ready to soar and explore the world.

However, none of this could have been possible without each and every person of the Hawk Family. Success is not determined by the accomplishments but the legacy that has been established for the next administration. As I land this flight here, know that this not the final destination. There are more great things to come! On behalf of myself and the Student Government Association, I would like to thank President Dr. Thelma B. Thompson, our advisor Dr. Penmon II, the student body, faculty, staff, administrators, alumni, and the community. **HAWK Pride...Catch It!**

Leaving a Legacy to Build A Better Future!

Thanks, from the
Editor

I literally took this position without knowing too much about what it really takes to publish a book, let alone a University Yearbook. So many ideas, suggestion, and opinions and only one decision can be made. However; through hard work, dedication and an amazing support system including Taylor Publishing and the Office of Student Activities we have put together a collage of everlasting memories for years to come.
